Our Vision

We believe that by challenging the routine, we improve our quality of life. We believe that through using technology in the right ways, local agriculture can help us sustain our communities.

Our Mission

Our mission at New Island Farm is to help Hawaii ranches and farmers grow more local food with less.

Our Goal

To provide value to island-based ranchers and farmers through smart agricultural solutions.

WAIALUA | OAHU | HAWAII
EST. 2018

About Us

New Island Farm Solutions offers farm equipment and turn-key farm solutions to farmers, ranchers, and agri-businesses operating in the Pacific Islands.

As a future-looking farm solutions company, we seek to improve our customer's operations through hand-picked solutions that enhance their triple bottom line, add value, and assist with scaling up as well as sustainability objectives.

We help you. Grow more local food with less.
